

How to enjoy yourselves safely at The Rodney

We want to create a safe environment for all our customers and staff so there are a few guidelines we would like to adhere to:

1. When you arrive at the pub try and enter via the beer garden and leave via the front door - just to limit the amount of people you cross paths with
2. Drinks can be ordered at the bar, but all stools have been removed and there must be no lingering. Please take drinks outside or stay inside away from the bar.
3. Table service will be offered wherever and whenever possible
4. Please make sure you use the hand sanitizer stations located at the front door, the back door and near the toilets.
5. If possible, please limit the amount of people using the toilets at any one time, to one in Gents and two in Ladies.
6. Please do not return glasses to the bar- either leave them for the staff to move or place them on the allocated tables if you are drinking outside.
7. Please do not move the tables or the seating as they have been placed where they are to make the area as safe as possible
8. We have reduced the lunch menu slightly to make it safer for our staff.

We want you to feel as safe as possible, yet still be able to enjoy your time with us without too much interruption to normal life.

Thank you!
